…In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

…Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

We, therefore, the Representatives of the united States of America, in General Congress Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.— And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

THE FLAG . . .

Every country has its own flag. Our flag did not always look the way it does today. In the early days the colonists lived in thirteen separate colonies, each with its own flag.

The first days of the Revolutionary War, the colonists carried their old flags into battle. They needed one flag to stand for all the colonies fighting together. The American flag was to have a star and a stripe for each of the thirteen colonies.

The Betsy Ross Flag with the stars arranged in a circle was based on the idea that no colony should take precedence. This flag evolved into our present day flag.

All other flags soon disappeared after the Stars and Stripes was adopted, yet the insignia shown on some of them appears occasionally on a state flag.

I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic, a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies.

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America.

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.—That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, —That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.—Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together Legislative bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our Legislatures.

He has affected to render the Military independent of, and superior to, the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing Taxes on us without our Consent:

For depriving us in many cases, of the benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended offences:

For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our Towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation.

He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

"A thoughtful mind when it sees a nation's flag, sees not the flag, but the nation itself. And whatever may be its symbols, its insignia, he reads chiefly in the flag, the government, the principles, the truths, the history that belongs to the nation that sets it forth. The American flag has been a symbol of Liberty and men rejoiced in it."

CHARGER FOOTBALL

Second in the Santa Fe League. Eight wins and one loss in the regular season. Two wins and one loss in the AA state play-offs; advancing to the semi-finals before losing to Denver Christian. Including the state playoffs, the 1975—76 Chargers compiled an over-all record of ten wins and two losses for the finest season in Charger football history. The Chargers ranked number four in the state final ranking polls, their highest ever. To compile their record the Chargers relied on a bone crunching defense and an explosive triple-option offensive attack. There were many high-lights in the season, a tough-physical win over Rocky Ford, a three goal line stand win at Abbey, a tough loss to Las Animas in front of three thousand fans, a win over Meeker in the first play-off game ever at Ordway, and many other exciting moments. In summary the 1975—76 season provided players, coaches, and fans with many fine memories.

Again this year the Charger Wrestling team posted a losing season. This was due only to the fact that in each dual match the opponents always won by taking three or four forfeits. All was not lost as the Chargers sent Randy Korinek and James Thayer to the state tournament. The Chargers were coached this year by Richard Cortese and assisted by Kurt Douglas. Hopefully next year there will be enough young men who are willing to tryout for the team, so all the weights will be filled.

TRACK

Fifteen athletes participated in track, showing the growing interest in Crowley County track. Although the team did not win any invitational meets or quadrangulars. More points were scored by individuals than in recent seasons. The top point scorers for the Chargers were Henry Pollreis, Gary Grantham, Ray Pollreis, Ricky Peters, and the Charger mile relay team. Henry Pollreis and Don Benortham qualified for the state meet in the 880. Henry was the district champion with Don placing third.

GIRLS TRACK

Hey, Nancy! I like your shoe, can I have it?

The girls track program started out fast and hectic this year with 2 track meets per week. We started out with 13 girls and only lost one on the way. Everyone that stayed out did a fine job in working hard and trying new events.

This team was a young team as we did not have any seniors. Hopefully next year all these girls that were out will return. With encouragement from the returning girls we hope we can get more out for next year.

At the state qualifying track meet everyone did a good job. We had 3 district champions, Tracy Grantham in the 220, Nancy Hallmark with a new district record in the shot put, and Melyn Grantham in the discus. The following girls also qualified for the state track meet-Dianna Reeves, Cathy Meyers, Kim Thayer, and Terry Grantham. Although these girls did not place in the state track meet, they turned in their best performances for the entire year. We were all very proud of the team for the season and the state track meet.

CHARGER BASEBALL

This years Charger baseball team returned all players from the 1975 League Championship team. Playing good baseball, the Chargers dropped two league games early in the season and had to fight back to the championship game with Rocky Ford. The Chargers had to win both ends of a double header with Rocky Ford. After winning the first 2-1, CC lost the second game 4-3 to end their season with a 14-4 record. The Chargers placed three players on the All-Conference team. They were: Pitcher Blaine Arbuthnot, Catcher Andy Trainor, and Out-Fielder Archie Montanez.

JOURNALISM

The Journalism class has many responsibilities. Its major project is to produce the annual, the CHARGER. The class does all the picture work, typing all the copy and captions, and selling ads; all within a deadline. Through the newspaper, the HOOFBEAT, the class is expected to keep the high school informed as to everything that is happening in the school. The paper is published every two weeks, with the students in journalism writing the news.

SPEECH & DRAMA

Shayne Lane, Peggy Kern, Steve Fosdick, Diana Montanez; President, Bill Woodruff, Coach Ken Kennard, Michelle Marez, Kim Johannes.

Growth is the key word which describes the activities of Speech and Drama Society this year, for the group nearly doubled both its number of members and the number of activities it participated in. Further, the organization produced five people who became eligible for the new Speech Club letter. These people were Diana Montanez, Shayne Lane, Russell Jordan, Steve Fosdick, and Bill Woodruff.

Speech Club did quite a bit of travelling this year, going to 12 competitions around the state, including two overnight trips. At these competitions, Speech Society members pitted their skills against literally hundreds of other students from as many as 55 schools in the Rocky Mountain Region. Thus, the meets not only provided quality competition, but they also provided an environment where Speech Club members could meet and talk with students from all over the state. (Continued at bottom of page.)

Standing: Kim Johannes, Diana Reeves, Peggy Kern, Sharon Seigfried, Diana Montanez, Bill Woodruff, Shayne Lane, Linda Apker, Steve Fosdick, Michelle Marez, Marlene Markus, Sitting: Tracy Grantham, Coach Ken Kennard, Kathy Jorden.

Drama Club was also more active this year, producing two small productions. The first was a reader's theatre production taken from Spoon River Anthology. The second production went on the road. "The Marriage Proposal" was taken to Pueblo and performed in the regional one-act play festival. Then the play was taken to Greeley where it was again performed at the State Drama Festival.

Speech and Drama Society provides a dynamic alternative to those who are not particularly interested in athletics. It provides stiff competition, travel, and enhanced social life, and a chance to develop skill and competence in a very special, personal way. Speech and Drama Society should continue to grow.

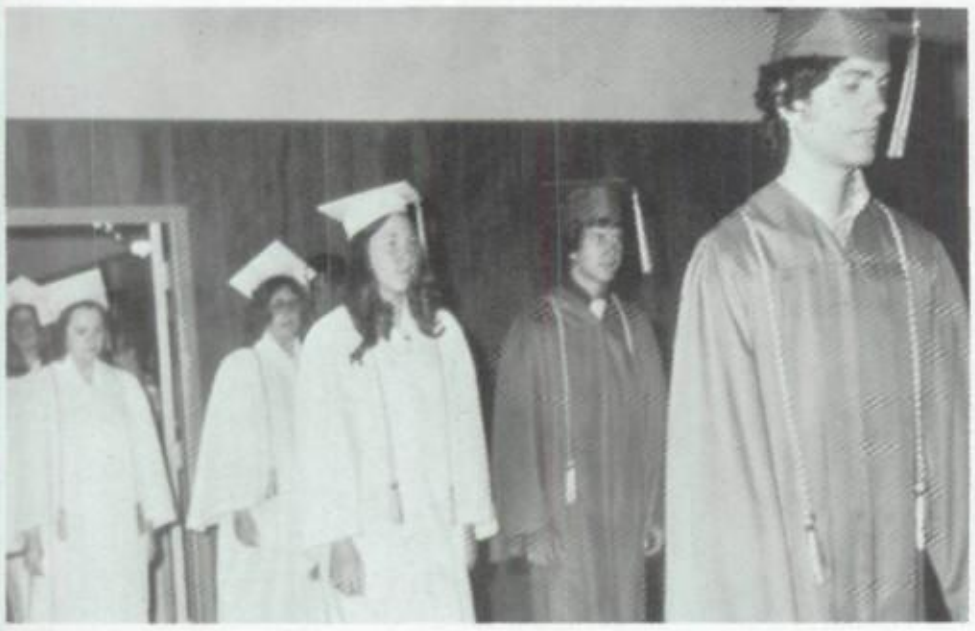
GRADUATION

May 23 was the graduation date for the 1976 Senior Class of Crowley County High School. The class chose blue and silver for their colors, and their flowers were the Columbine and the Orchid. The class motto was "It Matters Not How Long We Live, But How."

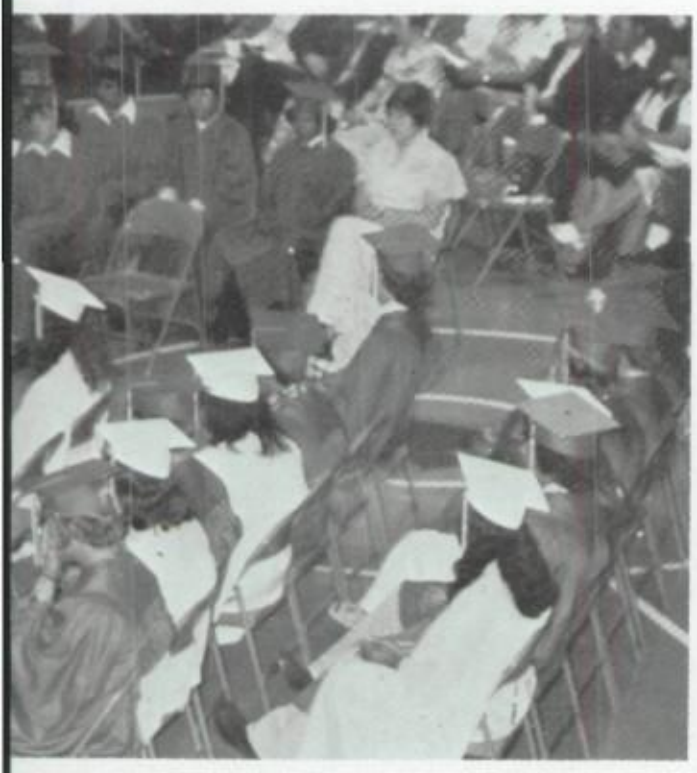
The special speaker for the commencement exercises was Dr. John Ray Stevenson of Kansas City, Missouri. Dr. Stevenson was a 1961 graduate of Ordway High School.

Five to go!



One step closer.

Ooooo ... Ahhhh ...



have believed it ...

One, Two, Three, HIT IT!

DEDICATION

This Yearbook is dedicated to Mrs. Virginia Kinard. She was a loyal supporter of all our activities - from our high school sports to just being someone you could talk to about anything. She always had time to listen, to sympathize, to understand, to be a friend. We, the high school students, will never forget the extra boost she gave us and we will always appreciate what she did — from buying candles and stationery to yelling an extra loud "Go Chargers!" at a game. Thanks, Virginia. We will never forget you.

BICENTENNIAL SALUTE TO '76

CROWLEY COUNTY SCHOOLS

PAST & PRESENT

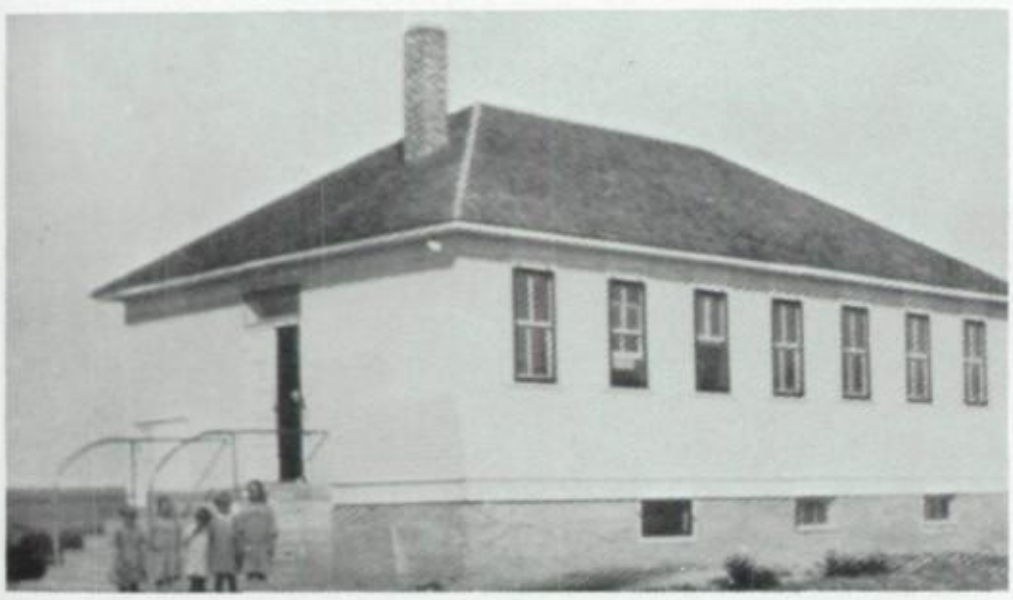
DISTRICT 31

In District #31 there were four schools, North Fowler, New Hope, Grand View, and Prairie View. Prairie View was up towards the Lincoln County border and six miles south was Grand View. Six miles south of Grand View was New Hope. Six miles south of New Hope was North Fowler. The top left picture is of New Hope and the top right picture is the North Fowler school in the background. The North Fowler picture was taken in 1944 or 1945.

Bill Broadbent taught in New Hope his first year of teaching, 1933-34. Ida Spencer taught at Grand View from 1940-45. Geoa Petrie taught at Grand View 1944-45. Audrey Wilson taught at Grand View her first year of teaching, 1922-23, with a salary of $900 that year.

District #31 had 91 students in its census in 1916, when the district was first formed. In 1961 the census had 16 students listed.

DISTRICT 32



The four schools in District #32 were Star Valley, Bluff Springs, Antelope Mesa, and Pleasant Hill.

The southern most school was Star Valley. Six miles north of Star Valley was Bluff Springs. In 1919 there were 2 acres given by Jack Ragsdale to build the school. In 1924 the old school torn down and a new one built. This school cost $2,000 to build, including a basement which many of the teachers used a living quarters. This is the school in the picture to the left. Ragsdales are now living in the school building.

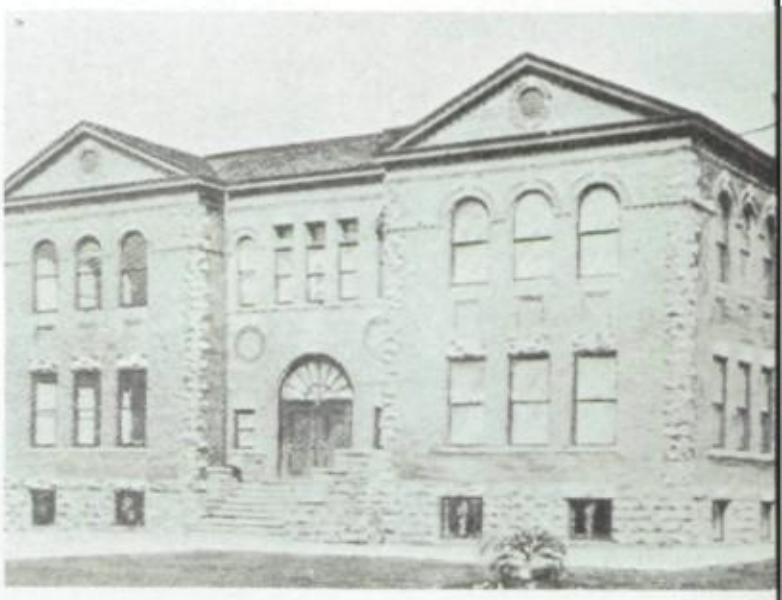
Just six miles north of the Bluff Springs school was the Antelope Mesa school. This school was built in 1915 and ran for 8 years and then torn down and a new school errected in 1923. The last year school was taught at Antelope Mesa was 1953. The northern most school was Pleasant View.

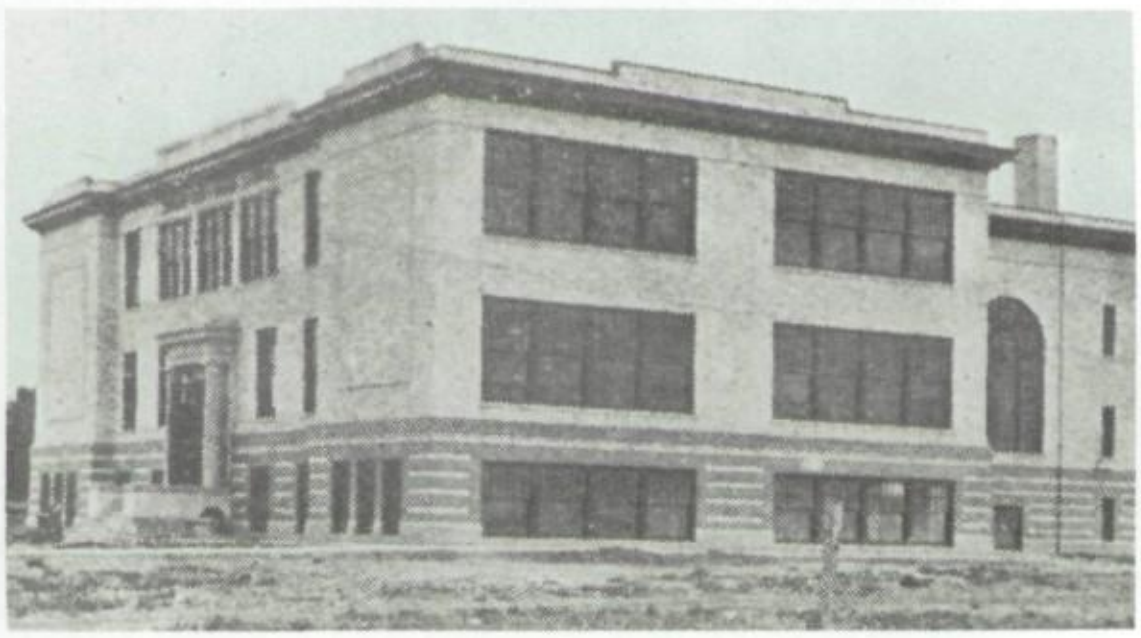
In 1922 District #32 had 127 students listed on its census. Then in 1961 there were 18 students listed.

ORDWAY

The first Ordway school is shown in the bottom far left picture. The school shown at the near left was built and then destroyed by fire in 1917. After the fire, the present school was built. This school is pictured at the top left. An advanced architectural design was used for the new school, using a one story design instead of the usual two and three story designs. All three schools stood on the same grounds.

SUGAR CITY





The picture above shows the first Sugar City school. The school first had 400 pupils in the grade school and 40 in the high school. This building was later torn down.

The bottom left picture shows the two 50 passenger wagons that were provided to bring some of the students to school. This picture was taken sometime around 1920.

The upper left picture shows the newer Sugar City school, built in 1918 and still standing. The school was first used as a high school while the other school was used as a grade school. Then it was used for the 6th thru 8th grades and closed after Crowley County consolidated.

This school was listed as costing $100,000 to erect and equip. It was also said to have one of the finest gymnasium's in the valley.

OLNEY SPRINGS

The first Olney Springs school was rented from Jake Osburn, 1890-91. There was another building used in 1891-92. Then in 1892-1915 a building west of the present building was used.

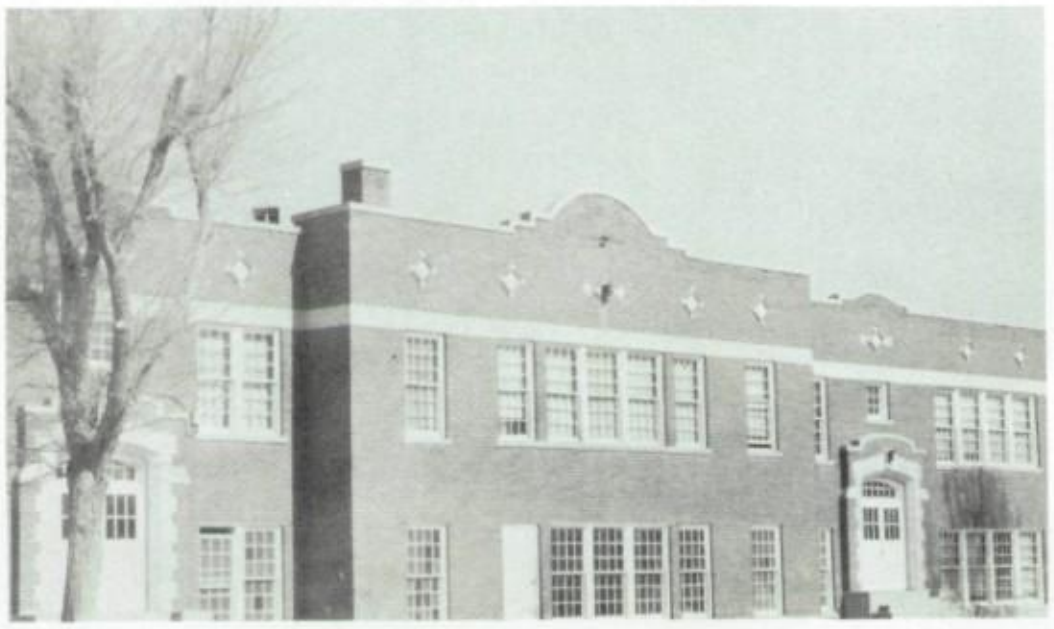
In 1915 a new building was built at the cost of $10,000. It is the school you see in the top picture. In 1923 the school added a gym and basement, making it look like the present building in the picture to the left.

NUMA

There were two Numa schools, Numa and North Numa. The picture above, taken this year, shows Numa, two mile west of Ordway. Many residents of Crowley County attended some school here. This school is still standing. Not much is known of North Numa except that it had closed some time before 1917.

The Numa District, District #16, was once part of the Manzanola District. The census of District 16 in the year of 1913, listed 143 students and in 1961 listed 78 students.

CROWLEY CONSOLIDATED



CROWLEY

The top left picture is the first Crowley school, built in 1914 and still standing. It was used as a grade school until the Junior High was moved to Crowley, in 1970, and then used as a music and band room.

The bottom left picture is of the second Crowley school, built in 1920. The school was first a High School then it became a Junior High. It is still used today as a Junior High.

The first graduate was James Maurice, in 1921. The first superintendent was Mr. Dalby.

KING CENTER & BOB CREEK

Also in Crowley Consolidated were the King Center and Bob Creek schools.

The King Center school is now where Bob and Lorna Brewer live.

The Bob Creek school was located about five miles north of Crowley on the west bank of Bob Creek. The school house is now a shed on Tom McCurdy's farm.

CROWLEY COUNTY
ONE - ROOM SCHOOLS

SAND ARROYA

Not much is known of the Sand Arroya school. The school was located north of Sugar City. The old school building is now used as a Sunday School building for the Grace Lutheran Church in Sugar City.

Amy Trotter taught at the school in 1915, 1920 and 1927.

LOLITA

The Lolita school was about 15 miles east of Sugar City. In 1913 the census had the Lolita District listed with 51 students and in 1961 it listed 5 students including; John Bowers, Steve Hagans, Dennis Markus, Susan Hagans, and Judy Markus. This was the last school in its district to hold class. The school house was torn down.

HORSE CREEK

The Horse Creek school was holding class in 1914, says Mrs. Brian Carter, but she doesn't know exactly when it started. It is believed that the school house was moved to Karval in 1926 or 1927.

BRECKENRIDGE

The Breckenridge school was west of Windmill Lake, north of Crowley. The school probably opened around 1900 and closed around 1915.

NORTH AND SOUTH BOX SPRINGS

There were two Box Springs schools, North Box Springs and South Box Springs.

The North Box Springs, located north of Ordway, across the road from the Dale Rusher residence, was built somewhere around 1900. The school closed in approximately 1930.

There were several Crowley County residents who went to school here, including; Joe Corum, Elona Kroph, Afton Harmon, and Kenneth Carter.

The South Box Springs school was east of the Breckenridge Bridge, north of Ordway. The students of South Box Springs attended school in a home until 1911, when a building was built. Ray Peterson attended school at South Box Springs. The school closed in 1916.

LINCOLN COUNTY SCHOOLS

Several Crowley County Residents attended schools in Lincoln County. The Peak View school was right on the Lincoln County - Crowley County border, east of the Gano Ranch.

Melvin Savage attended the Columbine school as a small boy until it closed in the 20's because of the depression. This school was located on the east side of Horse Creek in Lincoln County.

After the Columbine school closed, those students attended the Valley school. This school was four miles north of the county line.

Jim Smith and Jo Ann (Smith) Stanlick attended the Cocklebur school until it closed in 1948. This school was five miles west of the Mills Ranch. The picture above shows Cocklebur school in the background.

After the Cocklebur school closed, Jim and Jo attended Henry Center. This school was about seven miles northeast of the Mills Ranch. Several other well-known folks attended school here, including Joe and Etta Corum and Larry Jenkins.

OTHER INTERESTING THINGS

Above is a picture of the 1916 Ordway High School Basketball team. Standing from left to right, unknown, Gus Worker. Sitting from left to right, Tommy Fountain, John Sypher, Floyd Hensler. Crosslegged from left to right, Emerson Eagleton, Robert Hicks.

This 8 page Bicentennial Salute to Crowley County Schools would not have been possible without the help of all those who contributed information and pictures. The names of the persons who helped is too long to list but we would like to thank them anyway. Without their help the journalism class would have never gotten this project off the ground.
